July 2008

Tepato Systems offers software consulting services to help SCI chapters operate more effectively. If you want to make more money to support the goals of your organization, a chapter website should be your next step.

Chapter Websites Make a Difference!

SCI Life Member Specializes in Chapter Sites...

In these difficult economic times, non-profit organizations can really suffer, too. If your chapter is having these issues:

- *lower membership numbers*
- *lower event attendance*
- *lower profits at fundraisers*
- *inability to support all of the programs and causes you've supported in the past, due to financial strain*

then you need to seriously consider investing in a chapter website.

Tepato Systems is owned and operated by a life member of SCI. As a former board member of the Novi, Michigan chapter, I am intimately familiar with the operation of a chapter, and all of its challenges.

My SCI Chapter clients have told me about the benefits of their website to the chapter:

- *Promoting auction items at events, so the right bidders are in the chairs*
- *Improving event attendance*
- *Improving total profits at fundraisers*
- *Improving membership numbers - new and retention*
- *Improving communication to members and the public*
- *Promoting the chapter's events and educational programs*
- *Promoting the chapter's humanitarian work in the community*
- *Chapter Website awards at Convention - my clients have won website awards three times in the past 2 years (3rd place in 2007, two tied for 2nd place in 2008)*

Please contact me today to get started on your chapter website. I offer competitive prices on site development, hosting and maintenance. I have long term relationships with all of the chapters listed below, so feel free to contact any of them for information on my abilities, responsiveness and support.

- [SCI MIC \(all Michigan\)](#)
- [SCI Novi](#)

chapters)

- [SCI Flint - 3rd place website award 2007 & 2nd place 2008!](#)
- [SCI Lansing](#)
- [Site under development - SCI Central California Coast](#)
- [SCI Sutter Buttes - 2nd place website award 2008 \(tie with Flint\)](#)
- [SCI Paso Del Norte](#)

SCI Chapter Databases & Tools Available

Better data means better results

If your chapter's volunteers are strapped for time, as they often are, then I can help you. As a former chapter board member, I have performed several of the most time-consuming functions required for the chapter, including silent auction, banquet ticket sales and membership administration. I've created several databases and other tools which can save your board a lot of time, and can provide a weath of data for year- over-year analysis of your results.

Please contact me if you'd like help with any of the following:

- *Live and silent auction tracking - including the donors and the items donated, bid sheets, auction program, donor letters, etc.*
- *Membership tracking - including reports on renewals*
- *Event ticket sales - including ticket purchases, seating assignments, credit card reports*
- *Record Book entries - including creation of record book suitable for printing or posting to website*
- *Mailing lists and mail merges*
- *Email newsletters*
